

Volunteer (mentor)

An adult who wants to help at a dojo. Becoming a mentor is a one-time, account-level approval: an application plus a valid Belgian background check. After that they can join any dojo's team and help run its sessions.

Screenshots taken on the development site (seeded demo data) as **guardian-11** / **guardian-2** / **guardian-3** (applicants) and **mentor-51-1** (mentor at Dojo Westerlo), 29 September 2026.

The journey

- Apply to be a mentor (or to start a dojo)
- Upload the background check when asked
- Wait for the reviewers' decision
- Work in the dojo's management area: sessions and attendance
- Award belts and badges, manage the team, join other dojos

Steps in this document

Volunteer with us

The sign-up page explains the ways in: a family account, helping at a dojo as a mentor, or starting a dojo as a champion. Volunteers use a normal account first.

/register/

 **CoderDojo Belgium**

[Home](#) [Events](#) [Dojos](#)

English ▾

 [Log in](#) [Sign up](#)

How would you like to get involved?

Pick the option that fits — each one asks for exactly what we need, nothing more.

For parents & guardians

Register your family

Create an account and add your children so they can join sessions at any dojo.

[Get started →](#)

For organisers

Start a new dojo

Bring CoderDojo to your city — tell us about your venue and we'll help you get set up.

[Apply to start a dojo →](#)

For volunteers

Become a mentor or volunteer

Help out at an existing dojo — no teaching experience required, just a Saturday morning.

[Apply to volunteer →](#)

CoderDojo Belgium vzw · Liersesteenweg 4, 2800 Mechelen · info@coderdojojobelgium.be

[Code of conduct](#) [Volunteer with us](#) [Contact](#)

An account without children

Someone with no children to register gets a short sign-up of their own: their details and how they log in, nothing about children. Once the account exists they go straight on to the application they picked.

</register/individual/?next=/register/helper/>

+32 4xx xx xx xx

Only used if we need to reach you about your application.

How do you want to log in?

☒ With a password

☐ With a link we mail you each time (no password to remember)

Password

Postcode

9000

Language for emails

English 

So we can tell you about dojos near you.

☐ Send me the CoderDojo Belgium newsletter and news about events like Coolest Projects and CoderDojo Girlz.

We use what we know about your family to send you mails that are relevant to you: your postcode and your language and, for the children you agree to it for, which sessions they come to, their age and gender. That's how you hear about sessions at your dojo, a new dojo near you, or events like Coolest Projects and CoderDojo Girlz. The team of the dojo your child goes to can also write to you through this site, without seeing your email address; if you reply, your reply goes to the dojo.

You can change this, and which other mails you get, on your account's Mail preferences page.

Step 2

An account without children (continued)

Cancel

Create account

Become a mentor or volunteer

However much time you can give, we can use it — from mentoring most Saturdays to helping out at one big event a year.

Your details

Applying as **Kevin Dubois** (guardian-11@coderdojo-demo.example).

Phone

How you'd like to help

Which dojo?

Not sure yet — any dojo

Role *

Volunteer mentor

A bit about you

What would you like to help with?

e.g. Python, Scratch, web, robotics, event-day support — no experience necessary.

Belgian law requires a specific criminal record extract for anyone in contact with minors: "Artikel 596.2 ('minderjarigenmodel') is nodig voor specifieke activiteiten met contacten met kinderen en jongeren, zoals opvoeding, psycho-medisch-sociale begeleiding, hulpverlening aan de jeugd, kinderscherming, animatie of begeleiding van minderjarigen." We'll email you a private upload link once your application is reviewed. Only an approved reviewer can access the document, it's discarded as soon as it's validated, and the validation itself expires after a year — we'll email you again to renew it, and your login is disabled until it's back in order.

☐ I understand a Belgian criminal record extract (model 2, Artikel 596.2) will be required.

Cancel

Submit application

Step 3

Apply to become a mentor (continued)

Or apply to start a dojo

Starting a dojo is the champion application: area, proposed venue and schedule. An approved champion creates their dojo themselves.

/register/dojo/

 CoderDojo Belgium
 Home Events Dojos English Kevin

Start a new dojo

Tell us about your venue and we'll help take it from there — every dojo starts with someone like you saying yes. A board member will follow up within a week.

Your details

Applying as **Kevin Dubois** (guardian-11@coderdojo-demo.example).

Phone

Your proposed dojo

City or area *

Preferred day & time

Proposed venue

Not confirmed yet? That's fine — we can help you find one.

Tell us more

What made you want to start a dojo?

☐ I understand CoderDojo sessions are always free and run by volunteers.

As a dojo's champion works directly with minors, Belgian law requires a specific criminal record extract: "Artikel 596.2 ('minderjarigenmodel') is nodig voor specifieke activiteiten met contacten met kinderen en jongeren, zoals opvoeding, psycho-medisch-sociale begeleiding, hulpverlening aan de jeugd, kinderbescherming, animatie of begeleiding van minderjarigen." We'll email you a private upload link once your application is reviewed. Only an approved reviewer can access the document, it's discarded as soon as it's validated, and the validation itself expires after a year — we'll email you again to renew it, and your login is disabled until it's back in order.

Step 4 Or apply to start a dojo (continued)

☐ I understand a Belgian criminal record extract (model 2, Artikel 596.2) will be required.

Cancel

Submit application

CoderDojo Belgium vzw · Liersesteenweg 4, 2800 Mechelen · info@coderdojo-belgium.be

[Code of conduct](#) [Volunteer with us](#) [Contact](#)

Step 5

The background check is requested

After the application, a reviewer asks for the Belgian extract from the criminal record (model 2). The account page and a mailed link both lead to the upload.

Uploading the document

The document is stored privately (no public URL), seen only by the reviewers, and deleted as soon as they decide: only the decision is kept.

/account/background-check/renew/

 CoderDojo Belgium

HomeEventsDojosEnglish ↕Pieter ▾

Upload your background check

Hi Pieter — one last step before we can confirm your application.

Artikel 596.2 ('minderjarigenmodel') is nodig voor specifieke activiteiten met contacten met kinderen en jongeren, zoals opvoeding, psycho-medisch-sociale begeleiding, hulpverlening aan de jeugd, kinderscherming, animatie of begeleiding van minderjarigen.

You can request this "uittreksel uit het strafregister, model 2" for free from your local gemeente/commune, or online via mijndossier.rn.fgov.be — mention it's for volunteering with minors (model 2 / Artikel 596.2).

Only an approved reviewer can access this document. It's discarded from our systems as soon as it's validated — we only keep the outcome, and that validation expires after a year, after which it needs to be redone.

About this session

Description

****Game jam**** is een sessie voor beginners waarin je zelf aan de slag gaat. Wat je doet:

- Kies een project en begin te bouwen
- Krijg hulp van een mentor als je vastzit
- Toon op het einde wat je maakte (helemaal vrijblijvend)

Step 11

Taking attendance at the door

On the day, the mentor marks each child present or absent (htmx, no page reload). Each row shows the child's belt, engagement stage and a 'Visiting' label for children from another dojo; the session team is listed too, for the insurance.
